## DEPARTURE ROUTE DESCRIPTION

**MIK 1T: TAKE-OFF RWY 10:** After take-off climb on heading 110° to cross R-093 of MIK TACAN. Upon crossing turn right remain within 15 DME to establish and follow R-135 inbound to MIK TACAN. After passing overhead establish R-315 or R-325 MIK TACAN (holding) depending on pilot's intentions for letdown to Rwy 10 or 16 respectively.

**MIK 2T: TAKE-OFF RWY 28:** After take-off climb on heading 280° to cross R-292 of MIK TACAN at 19 DME. Upon crossing turn left, remain within 22 DME to establish and follow R-260 inbound to MIK TACAN. After passing overhead turn left to establish R-315 or R-325 MIK TACAN (holding) depending on pilot's intentions for letdown to RWY 10 or 16 respectively.

**MIK 3T: TAKE-OFF RWY 16:** After take-off climb straight ahead to 800' then turn right to establish R-292 of MIK TACAN. At 19 DME turn left, remain within 22 DME to establish and follow R-260 to MIK TACAN, passing overhead turn left to establish R-315 or R-325 MIK TACAN depending on pilot's intentions for letdown to RWY 10 or 16 respectively.

**MIK 4T: TAKE-OFF RWY 34:** After take-off climb straight ahead to 500' and turn left to establish R-292 of MIK TACAN. Then follow MIK 2T or 3T Departure.
